

IADM ReadyChain

Ongoing Program Overview

“Standardized. Verified. Always Ready.”

Led by: *International Association of Disaster Management (IADM)*

Platform: *Powered by IADM SaaS*

Mission: To build a globally coordinated and technology-driven supply chain ecosystem for disaster preparedness and rapid response.

Core Components

1- IADM SaaS Platform

A unified portal for registering suppliers, service providers, and responders.

Features: Verification, onboarding, regional categorization, product/service listing, and pre-disaster agreements.

Core Components

2- Trained Representatives (ReadyChain Agents)

Certified through the IADM Intensive Disaster Management Supply Chain course.

Act as freelance consultants and IADM representatives in their region.

Tasked with identifying, onboarding, and assessing local stakeholders.

Core Components

3- Supplier & Service Provider Integration

Registered providers
undergo
standardization
assessments.

Receive ReadyChain
certification to be
recognized globally.

Encouraged to form
Rapid Response Units
(RRUs) linked to civil
defense systems.

Core Components

4- Regional Disaster Management Bases (DM Bases)

Serve as physical hubs for training, warehousing, exhibitions, and simulations.

Enable local coordination and demonstration of supply chain readiness.

Ongoing Activities

1- Registration of global suppliers and service providers on the IADM platform.

Ongoing Activities

2- Appointment and training of ReadyChain regional agents.

Ongoing Activities

3- Initiating pre-disaster agreements and collaboration frameworks with:

- Government authorities
- Industrial stakeholders
- Insurance and logistics partners

Ongoing Activities

- 4- Development of **IADM ReadyChain Verified Network** as a dynamic directory of vetted partners available for rapid deployment.

Engagement & Expansion

- 1- Ongoing partnerships with:
- Universities
 - Government Disaster Management Authorities
 - Private sector manufacturers and solution providers

Engagement & Expansion

2- Promotion via exhibitions, LinkedIn campaigns, and ambassador outreach.

Engagement & Expansion

3- Building regional
DM Bases around the world
